

# The Millennium Park Enquiry

CASE NO. 606001 · MILLENNIUM PARK · CHICAGO 60602 · 41.8826, -87.6226 · DIFFICULTY 2 · FREE

Twenty-five acres laid over a railyard — a mirrored drop, two speaking towers, and a bandstand of curling steel. All within a quarter-mile.

|    |                                                                       |                                                                                                                                                                                                                                                                           |
|----|-----------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 1  | <div>THE SILVER DROP<br/><a href="#">find a picture</a></div>         | <p><b>The Silver Drop</b> — A vast bean of polished steel that swallows the skyline and hands it back bent. Photograph it whole.</p> <p><i>Hint:</i> Stand well back on the upper plaza; the whole drop will not fit from close to.</p>                                   |
| 2  | <div>THE CHAMBER BENEATH<br/><a href="#">find a picture</a></div>     | <p><b>The Chamber Beneath</b> — Step under the great drop and look up into the whorl, where a detective is reflected without end.</p> <p><i>Hint:</i> Walk directly underneath and point the lens straight up.</p>                                                        |
| 3  | <div>THE SPEAKING TOWERS<br/><a href="#">find a picture</a></div>     | <p><b>The Speaking Towers</b> — Two glass columns face one another across the stone, each wearing the portrait of a stranger.</p> <p><i>Hint:</i> South-west of the great drop, across Monroe. They change face every few minutes.</p>                                    |
| 4  | <div>THE SHEET OF WATER<br/><a href="#">find a picture</a></div>      | <p><b>The Sheet of Water</b> — Between the towers lies a black granite floor kept under a skin of water. Record it.</p> <p><i>Hint:</i> Photograph from the end, low down, and the towers will double in the wet stone.</p>                                               |
| 5  | <div>THE RIBBON BANDSTAND<br/><a href="#">find a picture</a></div>    | <p><b>The Ribbon Bandstand</b> — A stage crowned with great curling leaves of brushed steel, as though a letter had been unfolded and left standing.</p> <p><i>Hint:</i> North-east corner, facing the lawn. The whole crown reads best from the rear of the seating.</p> |
| 6  | <div>THE IRON CANOPY<br/><a href="#">find a picture</a></div>         | <p><b>The Iron Canopy</b> — Above the lawn a web of steel pipes crosses the open air, carrying sound where a roof would be.</p> <p><i>Hint:</i> Stand on the grass and photograph upward into the lattice.</p>                                                            |
| 7  | <div>THE WINDING BRIDGE<br/><a href="#">find a picture</a></div>      | <p><b>The Winding Bridge</b> — A serpent in steel scales carries walkers over the roaring road below. Capture its curve.</p> <p><i>Hint:</i> It leaves the bandstand's lawn on the east side. The curve shows from the middle.</p>                                        |
| 8  | <div>THE RING OF COLUMNS<br/><a href="#">find a picture</a></div>     | <p><b>The Ring of Columns</b> — A half-circle of Doric columns stands at the north-west corner — a Greek temple that never got its roof.</p> <p><i>Hint:</i> Wrigley Square, at Michigan and Randolph.</p>                                                                |
| 9  | <div>THE ROLL OF BENEFACTORS<br/><a href="#">find a picture</a></div> | <p><b>The Roll of Benefactors</b> — Names cut into stone at the foot of the columns: the subscribers who paid for this ground.</p> <p><i>Hint:</i> Read the base of the peristyle, on the park side.</p>                                                                  |
| 10 | <div>THE SHOULDER HEDGE<br/><a href="#">find a picture</a></div>      | <p><b>The Shoulder Hedge</b> — A great clipped wall of green, planted to shelter a garden from the wind and from the eye.</p> <p><i>Hint:</i> The south-east garden. The hedge is taller than a man.</p>                                                                  |
| 11 | <div>THE SEAM OF WATER<br/><a href="#">find a picture</a></div>       | <p><b>The Seam of Water</b> — A narrow channel runs beside the boardwalk where visitors trail their fingers. Capture it.</p> <p><i>Hint:</i> Inside the same garden, along the diagonal walk.</p>                                                                         |
| 12 | <div>THE GANGPLANK<br/><a href="#">find a picture</a></div>           | <p><b>The Gangplank</b> — A bridge like a ship's ramp carries you over Monroe Street to the gallery's upper floor.</p> <p><i>Hint:</i> The south end of the park, pointing at the Art Institute.</p>                                                                      |

# The Buckingham Waterworks

CASE NO. 606002 · BUCKINGHAM FOUNTAIN & GRANT PARK · CHICAGO 60605 · 41.8758, -87.6189 · DIFFICULTY 2 · FREE

A great rose-marble basin at the heart of the lakefront park, guarded by bronze horses of the sea. A quarter-mile of formal walks about it.

|    |                                                                           |                                                                                                                                                                                                                                                                      |
|----|---------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 1  | <div>THE TIERED BASIN<br/><a href="#">find a picture</a></div>            | <p><b>The Tiered Basin</b> — Three great dishes of rose marble, each smaller than the last, standing in a pool wider than a house. Photograph the whole work.</p> <p><i>Hint:</i> Approach from the east walk; the full tier line shows best from the lake side.</p> |
| 2  | <div>THE BRONZE SEA-HORSES<br/><a href="#">find a picture</a></div>       | <p><b>The Bronze Sea-Horses</b> — Four pairs of horses rear in the water, one pair for each state that touches this inland sea.</p> <p><i>Hint:</i> They sit at the four compass points of the outer basin.</p>                                                      |
| 3  | <div>THE GREAT COLUMN<br/><a href="#">find a picture</a></div>            | <p><b>The Great Column</b> — On the hour the centre throws a column of water higher than the surrounding trees. Wait for it.</p> <p><i>Hint:</i> Displays run on the hour through the warm months; stand upwind.</p>                                                 |
| 4  | <div>THE FORMAL BEDS<br/><a href="#">find a picture</a></div>             | <p><b>The Formal Beds</b> — Beds of roses laid out in pattern to the north and south, kept in strict order.</p> <p><i>Hint:</i> Either side of the fountain plaza, on the axis.</p>                                                                                  |
| 5  | <div>THE RIDER WITHOUT HIS BOW<br/><a href="#">find a picture</a></div>   | <p><b>The Rider Without His Bow</b> — A mounted figure draws a weapon that is not there; the sculptor left it to the imagination.</p> <p><i>Hint:</i> West of the fountain at the Congress entrance, north side.</p>                                                 |
| 6  | <div>THE RIDER WITHOUT HIS SPEAR<br/><a href="#">find a picture</a></div> | <p><b>The Rider Without His Spear</b> — His companion raises an arm to cast a shaft that was never carved.</p> <p><i>Hint:</i> The matching plinth on the south side of the same entrance.</p>                                                                       |
| 7  | <div>THE STONE RAIL<br/><a href="#">find a picture</a></div>              | <p><b>The Stone Rail</b> — A balustrade of pale stone rings the water, broken by urns at intervals.</p> <p><i>Hint:</i> Anywhere on the perimeter; frame two urns for the pattern.</p>                                                                               |
| 8  | <div>THE COLOURED LAMPS<br/><a href="#">find a picture</a></div>          | <p><b>The Coloured Lamps</b> — Lamps set below the waterline dress the spray in colour once the light goes.</p> <p><i>Hint:</i> After dusk only. By day, record the lamp housings in the basin wall.</p>                                                             |
| 9  | <div>THE RADIATING WALKS<br/><a href="#">find a picture</a></div>         | <p><b>The Radiating Walks</b> — Paths leave the basin like spokes from a hub. Stand at the head of one and photograph the line.</p> <p><i>Hint:</i> Any of the four axes; the eastern walk is the longest.</p>                                                       |
| 10 | <div>THE ELM AVENUE<br/><a href="#">find a picture</a></div>              | <p><b>The Elm Avenue</b> — A double file of trees marches north and south, planted to frame the water.</p> <p><i>Hint:</i> The allees run parallel to Columbus Drive.</p>                                                                                            |
| 11 | <div>THE BENEFACTRESS<br/><a href="#">find a picture</a></div>            | <p><b>The Benefactress</b> — A plaque records the lady who gave this fountain in her brother's memory.</p> <p><i>Hint:</i> Set into the plaza stonework near the west approach.</p>                                                                                  |
| 12 | <div>THE OPEN STAGE<br/><a href="#">find a picture</a></div>              | <p><b>The Open Stage</b> — A great shell of a stage stands north of the fountain, built for music without walls.</p> <p><i>Hint:</i> North end of the park, past Monroe.</p>                                                                                         |

# The Cultural Hall Investigation

CASE NO. 606003 · CHICAGO CULTURAL CENTER · CHICAGO 60602 · 41.8837, -87.6248 · DIFFICULTY 1 · FREE

A public palace of marble and coloured glass, raised as the city's library and never charging a penny at the door. Twelve findings under two great domes - and not a drop of rain among them.

|    |                                                                        |                                                                                                                                                                                                                                              |
|----|------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 1  | <div>THE GREAT GLASS DOME<br/><a href="#">find a picture</a></div>     | <p><b>The Great Glass Dome</b> — A dome of many thousand pieces of coloured glass, the largest of its kind anywhere. Photograph it from beneath.</p> <p><i>Hint:</i> Third floor, the south hall. Free entry; the lift saves the stairs.</p> |
| 2  | <div>THE SIGNS OF THE HEAVENS<br/><a href="#">find a picture</a></div> | <p><b>The Signs of the Heavens</b> — Set within that dome are the signs the ancients read in the sky. Find one and record it.</p> <p><i>Hint:</i> Look to the ring of the dome rather than its centre.</p>                                   |
| 3  | <div>THE SECOND DOME<br/><a href="#">find a picture</a></div>          | <p><b>The Second Dome</b> — A smaller dome of green and amber glass crowns the northern hall, built to honour old soldiers.</p> <p><i>Hint:</i> North end, second floor. Quieter than its famous sister.</p>                                 |
| 4  | <div>THE MARBLE STAIR<br/><a href="#">find a picture</a></div>         | <p><b>The Marble Stair</b> — A staircase of white Carrara, wide enough for a regiment, turning beneath vaults of glass mosaic.</p> <p><i>Hint:</i> Either end of the building; the south stair is the grander.</p>                           |
| 5  | <div>THE MOTHER-OF-PEARL<br/><a href="#">find a picture</a></div>      | <p><b>The Mother-of-Pearl</b> — Look closely at the mosaic: among the glass and gold are set shells that catch the light.</p> <p><i>Hint:</i> On the stair vaults and arch soffits. Come close; the effect is lost at distance.</p>          |
| 6  | <div>THE INSCRIPTIONS<br/><a href="#">find a picture</a></div>         | <p><b>The Inscriptions</b> — The walls carry the names and sayings of authors, cut in stone and set in many tongues.</p> <p><i>Hint:</i> Along the stair walls and above the arches.</p>                                                     |
| 7  | <div>THE BRONZE STANDARDS<br/><a href="#">find a picture</a></div>     | <p><b>The Bronze Standards</b> — Lamps of bronze stand at the turns of the stair like sentries.</p> <p><i>Hint:</i> At the newel posts.</p>                                                                                                  |
| 8  | <div>THE SOLDIERS' RELICS<br/><a href="#">find a picture</a></div>     | <p><b>The Soldiers' Relics</b> — In the northern hall are kept the arms and colours of men who marched in the great American war.</p> <p><i>Hint:</i> The Memorial Hall, second floor north.</p>                                             |
| 9  | <div>THE ARCHED DOORWAY<br/><a href="#">find a picture</a></div>       | <p><b>The Arched Doorway</b> — A doorway of carved stone opens on the street that carries the first President's name.</p> <p><i>Hint:</i> The Washington Street entrance.</p>                                                                |
| 10 | <div>THE MOSAIC FLOOR<br/><a href="#">find a picture</a></div>         | <p><b>The Mosaic Floor</b> — Underfoot in the lobby, small tiles are laid in pattern. Photograph a yard of it.</p> <p><i>Hint:</i> Both ground-floor lobbies are laid this way.</p>                                                          |
| 11 | <div>THE FREE GALLERY<br/><a href="#">find a picture</a></div>         | <p><b>The Free Gallery</b> — Rooms of pictures that ask no admission - the city's oldest promise to the poor.</p> <p><i>Hint:</i> Any exhibition room; the contents change, the promise does not.</p>                                        |
| 12 | <div>THE ROOM OF MUSIC<br/><a href="#">find a picture</a></div>        | <p><b>The Room of Music</b> — A hall where players perform at midday to any who wander in.</p> <p><i>Hint:</i> Ask at the desk which room is in use today.</p>                                                                               |

# The Wooded Island Affair

CASE NO. 606004 · THE WOODED ISLAND & OSAKA GARDEN · CHICAGO 60637 · 41.7897, -87.582 · DIFFICULTY 2 · FREE

An island in a lagoon, made ground for the great fair of 1893 and planted since as a sanctuary. A half-mile loop, and a garden given by a city across the sea.

|    |                                                                     |                                                                                                                                                                                                                     |
|----|---------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 1  | <div>THE GARDEN GATE<br/><a href="#">find a picture</a></div>       | <p><b>The Garden Gate</b> — A gate of timber and tile marks where one country's garden begins inside another's park.</p> <p><i>Hint:</i> North end of the island, reached by the footbridge.</p>                    |
| 2  | <div>THE MOON BRIDGE<br/><a href="#">find a picture</a></div>       | <p><b>The Moon Bridge</b> — A bridge arched so steeply that its reflection completes a circle in still water.</p> <p><i>Hint:</i> Inside the garden; wait for the water to settle.</p>                              |
| 3  | <div>THE STONE LANTERN<br/><a href="#">find a picture</a></div>     | <p><b>The Stone Lantern</b> — A lantern carved in stone stands where no lamp is needed, keeping a custom rather than a flame.</p> <p><i>Hint:</i> Beside the path near the water's edge.</p>                        |
| 4  | <div>THE FALLING WATER<br/><a href="#">find a picture</a></div>     | <p><b>The Falling Water</b> — Water steps down over set stones with a sound arranged as carefully as the rocks.</p> <p><i>Hint:</i> Follow the sound from the garden's upper path.</p>                              |
| 5  | <div>THE TRAINED PINE<br/><a href="#">find a picture</a></div>      | <p><b>The Trained Pine</b> — A pine has been drawn out over the water by patient hands, held in a shape no wind gave it.</p> <p><i>Hint:</i> Overhanging the pond; look for the props.</p>                          |
| 6  | <div>THE STEPPING STONES<br/><a href="#">find a picture</a></div>   | <p><b>The Stepping Stones</b> — Flat stones cross shallow water, set apart by the length of a walker's stride.</p> <p><i>Hint:</i> Take them slowly; they are older than they look.</p>                             |
| 7  | <div>THE LAGOON<br/><a href="#">find a picture</a></div>            | <p><b>The Lagoon</b> — Still water rings the island on every side, dug for the fair and never filled in.</p> <p><i>Hint:</i> Any open bank will serve.</p>                                                          |
| 8  | <div>THE SANCTUARY NOTICE<br/><a href="#">find a picture</a></div>  | <p><b>The Sanctuary Notice</b> — A board asks visitors to keep to the paths, for the birds' sake. Record it.</p> <p><i>Hint:</i> At either bridge, where the island is entered.</p>                                 |
| 9  | <div>THE FAIRGROUND MARKER<br/><a href="#">find a picture</a></div> | <p><b>The Fairground Marker</b> — Something on this ground records the exposition of 1893, whose White City stood here.</p> <p><i>Hint:</i> Read the plaques near the bridges.</p>                                  |
| 10 | <div>THE SECOND CROSSING<br/><a href="#">find a picture</a></div>   | <p><b>The Second Crossing</b> — The island is reached by two bridges; find the one that is not the way you came in.</p> <p><i>Hint:</i> South end, toward the meadow.</p>                                           |
| 11 | <div>THE MEADOW<br/><a href="#">find a picture</a></div>            | <p><b>The Meadow</b> — At the island's heart is open grass and tall planting, left rough on purpose.</p> <p><i>Hint:</i> The central clearing.</p>                                                                  |
| 12 | <div>THE HERON'S WATER<br/><a href="#">find a picture</a></div>     | <p><b>The Heron's Water</b> — Somewhere along the bank the water runs shallow enough for a long-legged fisherman. Photograph the spot, bird or no bird.</p> <p><i>Hint:</i> The quiet east bank, early or late.</p> |

# The Pullman Enquiry

CASE NO. 606005 · PULLMAN NATIONAL HISTORICAL PARK · CHICAGO 60628 · 41.6893, -87.6086 · DIFFICULTY 2 · FREE

A company town of 1880, built entire by one man for the workers of his sleeping-car works  
- and now a national park. Twelve findings in half a mile of brick.

|    |                                                                    |                                                                                                                                                                                                         |
|----|--------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 1  | <div>THE CLOCK TOWER<br/><a href="#">find a picture</a></div>      | <p><b>The Clock Tower</b> — A tower of brick rises above the old works, with a clock set high where every hand could see it.</p> <p><i>Hint:</i> The administration building, at 111th Street.</p>      |
| 2  | <div>THE COMPANY HOTEL<br/><a href="#">find a picture</a></div>    | <p><b>The Company Hotel</b> — A grand hotel in the Queen Anne manner, built for the visitors of a town that had no other.</p> <p><i>Hint:</i> Corner of 111th and Forrestville, opposite the works.</p> |
| 3  | <div>THE GREEN CHURCH<br/><a href="#">find a picture</a></div>     | <p><b>The Green Church</b> — A church built of a stone so green it might be weathered copper - but it is the rock itself.</p> <p><i>Hint:</i> Corner of 112th and St Lawrence.</p>                      |
| 4  | <div>THE WORKERS' ROWS<br/><a href="#">find a picture</a></div>    | <p><b>The Workers' Rows</b> — Terraces of brick houses, each family's door a little different from its neighbour's.</p> <p><i>Hint:</i> Any residential street east of Cottage Grove.</p>               |
| 5  | <div>THE PAINTED DOORS<br/><a href="#">find a picture</a></div>    | <p><b>The Painted Doors</b> — Look along a row and record where the colours change from house to house.</p> <p><i>Hint:</i> Best on the east side, where the rows run longest.</p>                      |
| 6  | <div>THE WORKS GATE<br/><a href="#">find a picture</a></div>       | <p><b>The Works Gate</b> — The entrance through which the men walked to build railway carriages for the world.</p> <p><i>Hint:</i> The north end of the administration building.</p>                    |
| 7  | <div>THE MARKET SQUARE<br/><a href="#">find a picture</a></div>    | <p><b>The Market Square</b> — A place set aside for the town's trade, arranged as a circle rather than a street.</p> <p><i>Hint:</i> North on Champlain, at 112th.</p>                                  |
| 8  | <div>THE OVERSEER'S HOUSE<br/><a href="#">find a picture</a></div> | <p><b>The Overseer's House</b> — Larger houses stood for the men who gave the orders; find one and mark how it differs.</p> <p><i>Hint:</i> The corner plots are the giveaway.</p>                      |
| 9  | <div>THE PARK NOTICE<br/><a href="#">find a picture</a></div>      | <p><b>The Park Notice</b> — A sign records that this ground is now held for the nation. Photograph it.</p> <p><i>Hint:</i> At the visitor centre.</p>                                                   |
| 10 | <div>THE STABLES<br/><a href="#">find a picture</a></div>          | <p><b>The Stables</b> — Buildings raised for horses, when horses were the engines of a town.</p> <p><i>Hint:</i> South of the market square.</p>                                                        |
| 11 | <div>THE ARCHED WINDOWS<br/><a href="#">find a picture</a></div>   | <p><b>The Arched Windows</b> — Somewhere in the brick is an arch of a shape you have not yet recorded. Find it.</p> <p><i>Hint:</i> The public buildings carry the finest brickwork.</p>                |
| 12 | <div>THE PLANTED STREET<br/><a href="#">find a picture</a></div>   | <p><b>The Planted Street</b> — The town was laid out with trees as deliberately as with drains. Record an avenue.</p> <p><i>Hint:</i> Any street running north and south.</p>                           |
